Customer Support Office

# Centers of excellence

## CROSS- FUNCTIONAL CORE TEAM

# WHAT WE DO

---

## Advisory

---

Product design

---

Technical feasibility study

---

Security compliance

---

Software audit

---

## Support

---

L2 support

---

L3 support

---

## Development

---

PoC development

---

Application development

---

Application re-engineering

---

## Quality assurance

---

Test automation

---

Performance testing

---

Security testing

---

Independent testing

---

## Capacity

---

Engineering team

---

Smart team

# We provide technical feasibility study in:

---

## Disruptive technologies

---

IoT

---

Blockchain

---

AR/VR

---

RPA

---

Chatbots etc.

---

## Artificial intelligence

---

Computer Vision

---

NLP

---

Deep Learning etc.

---

## Implementation of algorithms

from scientific papers and researches

---

## Integration/ plug-in development

for complex enterprise systems

---

## Performance improvement/ processing

## Time improvement

## MEET OUR CLIENTS

**100+**  
active client  
accounts
